

Jacksonville Cemetery Records

How to Search in this PDF

If you are searching for a name such as Abraham Meyer, you will get no results. Search for only the first or last name. The search function will only find two or more words at once if they occur together in one cell of the spreadsheet, e.g. "Los Angeles".

On computers:

For PCs, hold down the Control key, then tap the F key.

For Macs, hold down the Command key, then tap the F key.

A text entry box will appear either in the lower left or upper right of the PDF. Type the keyword (last name, place of birth, etc.) you wish to search for and the document will automatically scroll to the first occurrence of the word and highlight it. If it does not, press the Enter or Return key on the keyboard. To scroll the document so as to show more occurrences of the word, click on either the down/up or next/previous buttons at right of the text box.

For ease of spotting the highlighted words, it's best to zoom in on the document to about 160-180% by clicking the plus (+) or minus (-) symbols at top center of the document.

On smartphones and tablets:

Note: You must use the native web browser app on your device. Other browser apps, such as Firefox, may not allow searching in an open document.

For Apple devices, use Safari:

Type the keyword (last name, place of birth, etc.) into the URL (web address box at top of screen). Below will appear places to search such as **Google, Bookmarks or In This Document**. Under the heading **In This Document**, tap your keyword. The document will scroll to the first occurrence and highlight it. To scroll to more occurrences of the keyword, use the up and down arrows at the bottom of the screen.

For Androids and other devices, use Chrome:

With the Cemetery Records document open, tap the search box. "**Find**" will appear. Type your keyword (last name, place of birth, etc.) and tap **Search**. The document will scroll to the first occurrence and highlight it. You can locate more of the search matches by using the markers on the scrollbar.

This PDF may not have the latest information on a burial record you may be looking for. Please contact Jacksonville's [Cemetery Department](#) (541 899-1231) or the [Friends of Jacksonville's Historic Cemetery](#) (email info@friendsjvillecemetery.org) for information.
